

BRS-SHEQ-GURU/A0007
SHEQ Intro, Level 1: OPS-COP (Operational / Cooperation)
Module Outline Only
Operational: CPD: 01+01+01+01 = 004

INTRODUCTION

Properties

- This presentation regarding SHEQ Intro aims at Operational / Cooperation Guidelines: Level: 1 (Operational).
- This presentation provides for **4 BRS-SHEQ-GURU-CPD Points** (Business Risk Solutions - Safety, Health, Environment & Quality – Continuing Professional Development Points) accumulated from: CPD: S01-H01-E01-Q01.
- This presentation is Edition 1 of SHEQ Intro, Level: 1: OPS-COP (Operational / Cooperation) released in September 2020: Edition: **BRS-SHEQ-GURU-A0007-09/2020**

Purpose

The purpose of this SHEQ Intro, Level 1 “Awareness Module” is to:

- ensure adequate formal SHEQ awareness for all employees, including new employees;
- ensure effective levels of SHEQ knowledge, the absence of occupational injuries and diseases;
- comply with legislation requirements regarding SHEQ awareness;
- achieve an SHEQ-competent and motivated workforce;
- actively influence the behaviour of employees in the workplace;
- encourage employees to work towards the establishment of a safe, healthy, environmental and quality hazard free working environment;
- influence attitudes and improve SHEQ knowledge to positively impact behaviour;
- ensure effective development, implementation, management, monitoring, evaluation and review of the organisation’ SHEQ awareness and competence;
- ensure active participation and support from all levels of management and to ensure compliance with the relevant legislation.

Scope

This SHEQ Intro, Level 1 “Awareness Module”, including the relevant Supporting Aids, applies to all employees, departments, operations, and contractors working at any operation, and/or any activity related to or in connection with the organisation.

Supporting Aids

- Presentation: PowerPoint Presentation
- Self-Assessment: PowerPoint Presentation
- Certification Assessment: Online Assessment

TABLE OF CONTENTS

INTRODUCTION	2
PROPERTIES.....	2
PURPOSE	2
SCOPE	2
SUPPORTING AIDS	2
TABLE OF CONTENTS.....	3
REQUIREMENTS.....	8
1 <i>OSHWEEQ: Occupational Safety, Health, Welfare, Environment & Quality</i>	8
2 <i>Occupational accident</i>	8
3 <i>Legal Terms</i>	8
3.1 Health and Safety Law	8
3.2 Criminal Law	9
3.3 Civil Liability	9
3.4 Health and Safety Crime	9
3.5 Enforcement actions of the law	9
3.6 Legal powers of the health and safety inspectors	10
3.7 The importance of the existence of health and safety laws	10
4 <i>Basic SHEQ Terminology</i>	11
4.1 Abbreviations (Acronyms)	11
4.2 Definitions.....	13
5 <i>Introduction to Health and Safety</i>	21
5.1 Introduction	21
5.2 What is Health and Safety?	21
5.3 The Purpose of SHEQ Compliance	21
5.4 Basic Safety Philosophy for Success.....	22
5.5 The Benefits of Good SHE and the Cost of Poor SHE.....	22
5.6 Basic Types of Accidents	23
5.7 Top Three Causes of Fatalities.....	23
5.8 Top Three Causes of Major Injuries	23
5.9 Top Three Causes of Major Absences.....	23
5.10 Frequency of Accidents.....	23
5.11 The Real Cost of Accidents	24
5.12 Injuries: A Matter of Probabilities.....	24
6 <i>OSH FACTORS, ACTS & CONDITIONS</i>	25
6.1 There are three main factors that affect health and safety.....	25
6.2 The reasons why workers may fail or disregard company safety procedures.....	25
6.3 Personal Factors	25
6.4 Job Factors	25
6.5 Unsafe Acts	26
6.6 Unsafe Conditions	26
7 <i>Basic (O)SHE Hazards & Risks</i>	27
7.1 Introduction	27
7.2 Types of Hazards at the workplace and their causes.....	27
7.3 Working Environment	27
7.4 Air pollution:	27
7.5 Noise:	27
7.6 Vibration:	27

7.7	Other hazards:	27
7.8	Health Hazards	28
7.9	Alcohol & Drugs	28
7.10	Hot Work	28
7.11	Fire	29
7.12	Confined Space	29
7.13	Working at Heights	29
7.14	Noise & Vibration	29
7.15	Dust & Fumes	30
7.16	Buildings and Premises	30
7.17	Slip & Trip Hazards	30
7.18	Electrical Equipment	30
7.19	Electrical Hazards	31
7.20	Pressurised Equipment	31
7.21	Accessibility Hazards	31
7.22	Collision Hazards	31
7.23	Chemicals	31
8	(O)SHE Control Hierarchy	32
8.1	Introduction	32
8.2	Hierarchy of Controls	32
8.2.1	Elimination	32
8.2.2	Substitution	32
8.2.3	Isolation	33
8.2.4	Engineering Controls	33
8.2.5	Administrative Controls	33
8.2.6	Personal Protective Equipment (PPE)	33
9	Structural (O)SHE Controls	34
9.1	Introduction	34
9.2	(O)SHE Policy(s)	34
9.3	Legal Requirements	34
9.4	Health & Safety Management System	35
9.4.1	The benefits of implementing health and safety practices, programmes and standards	35
9.5	(O)SHE Responsibilities	35
9.6	(O)SHE Committee(s)	35
9.7	(O)SHE Appointments	36
9.8	(O)SHE Objectives & Targets	36
9.8.1	Objectives & Targets must be SMART:	36
9.8.2	The importance of Health and Safety targets:	36
9.8.3	Environmental Targets and Objectives may include some or all of the following concerns:	37
9.8.4	Examples of Objectives can Include:	37
9.9	Risk Assessment	37
9.10	Change Management	37
9.10.1	The importance of informing employee's changes in health and safety	37
9.10.2	The management of change process should include consideration of the following questions to ensure that any new or changed risks are acceptable:	38
9.11	Safe Work Procedures	38
9.12	(O)SHE Inspections/Audits	38
9.13	(O)SHE Checklists	38
9.14	Induction & Orientation	39
9.15	Security & Stock Control	39
9.16	Resource Conservation	39
9.17	Incident Investigation	39
9.18	Documents	40
9.18.1	The importance of revising health and safety documents	40

9.18.2	Health and safety documents that should be accessed by every person concerned in organisational health safety management systems	40
9.19	Records.....	40
9.19.1	The importance of recording information in the workplace	40
9.20	Resources.....	40
9.21	Continual Improvement.....	41
9.21.1	Definition: Continual Improvement.....	41
9.21.2	Continual improvement is important in health and safety.....	41
9.22	Review.....	42
9.22.1	The Importance of reviewing work operations.....	42
9.22.2	The importance of reviewing and evaluating policies/procedures in workplace	42
10	BASIC (O)SHE EMERGENCY CONTROLS.....	42
10.1	Introduction	42
10.2	Definition: Emergency.....	42
10.3	Emergency Situations (Scenarios).....	43
10.4	Emergency Management.....	43
10.4.1	Phases of emergency management.....	43
10.5	Emergency Procedures	43
10.5.1	The purpose of emergency procedures	43
10.6	Emergency Alarm	43
10.7	Emergency Telephone Numbers	44
10.8	Emergency Routes and Exits.....	44
10.8.1	Definition: Fire exit.....	44
10.9	Emergency Assembly Point	44
10.10	Fire Drills	44
10.11	Fire Plan	44
10.11.1	Definition: Evacuation map/plan	44
10.12	Fire Prevention	45
10.13	Fire Protection	45
10.14	Fire Equipment	45
10.14.1	Types of firefighting equipment in the workplace	45
10.15	Fire Training	45
10.16	Fire Fighting	46
10.16.1	Main principles for extinguishing a fire.....	46
10.16.2	The PASS principle to fight a fire.....	46
10.17	First Aid Equipment.....	46
10.17.1	The information that must be recorded in the treatment register	46
10.18	First Aid Training.....	46
10.19	First Aid	47
10.19.1	Key Activities which should be used to keep the patient safe.....	47
10.20	Medical Services.....	47
10.21	The national recognized emergency response team in Namibia.....	47
11	Basic (O)SHE Controls.....	47
11.1	Introduction	47
11.2	Housekeeping	48
11.2.1	Definition: Housekeeping	48
11.2.2	Housekeeping Motto	48
11.3	Hygiene	48
11.3.1	Definition: Hygiene	48
11.4	Maintenance.....	48
11.4.1	Definition: Maintenance.....	48
11.5	Demarcations.....	49
11.6	Colour Coding	49
11.7	Labelling.....	49

11.7.1	Situations where labels on containers of hazardous substances are required	49
11.7.2	Important information that should be displayed on the label	49
11.8	Accessibility.....	50
11.9	Guards.....	50
11.9.1	The different types and functions of safeguards.....	50
11.10	Rails	50
11.11	Safety Data Sheets(SDS's – previously known as MSDS's)	51
11.11.1	The importance of safety data sheet in the work place.....	51
11.12	Lock-Out & Tag-Out.....	51
11.13	Safety Devices.....	51
11.14	Training	52
11.14.1	The importance of giving training to employees in the workplace	52
11.15	Welfare.....	52
11.16	Ergonomics	52
11.17	Waste Management.....	52
12	Basic (O)SHE Notices & Signs	53
12.1	Introduction	53
12.2	Signage: See Annexure 2.....	53
12.3	(O)SHE Signs.....	53
12.4	Prohibition Signs.....	53
12.5	Warning Signs	53
12.6	Mandatory Signs.....	54
12.7	Safe Condition Signs.....	54
12.8	Fire Equipment Signs.....	54
12.9	Hazardous Chemical Signs	54
13	Personal Protective Equipment (PPE)	55
13.1	Introduction	55
13.2	PPE/C.....	55
13.3	Body Protection	55
13.4	Foot Protection.....	55
13.5	Eye Protection (Flying Objects)	56
13.6	Eye Protection (Radiation).....	56
13.7	Face Protection.....	56
13.8	Head Protection.....	56
13.9	Respiratory Protection (Fumes)	56
13.10	Respiratory Protection (Dust).....	57
13.11	Fall Prevention	57
13.12	Fall Protection.....	57
13.13	Hearing Protection	57
13.14	Hand Protection (General).....	57
13.15	Hand Protection (Chemicals).....	58
14	Environmental Compliance.....	58
14.1	Importance to involve internal and external people on environmental matters.....	58
14.2	Types of pollution.....	58
15	Consultation & Communication.....	59
15.1	Consultation.....	59
15.2	Consulting with Employees	60
15.3	Communication	60
15.3.1	Definition: Communication	61
16	OSH Culture	61
16.1	Definition: Health and safety Culture	61
16.2	Definition: Integrated safety culture	61
16.3	Main functions of a safety culture	62
16.4	The elements of a desired occupational health and safety culture	62

16.5	Internal factors that influence a health and safety culture	62
16.6	External factors that influence a health and safety culture	62
16.7	Indicators of health and safety culture at an organisation	63
17	Workplace Instructions / Safe Work Procedures	63
17.1	Introduction	63
17.2	Definition: Workplace Instruction	63
17.3	The Four Essential Characteristics of Workplace Instructions	64
17.3.1	Work instructions must be:	64
17.4	Examples of Workplace Instructions	64
17.5	Definition: Safe Work Procedure (SWP)	65
17.5.1	The importance of Safe Work Procedures:	65
17.5.2	The information provided by safe work procedures in assisting safe and healthy work performance:	65
17.5.3	A procedure sets out the steps to be followed for work activities. You must consult with affected workers when developing procedures for:	65
17.5.4	A procedure should be:	65
18	Workplace Inspections	66
18.1	Introduction	66
18.2	Importance of Workplace Inspections	66
18.3	Purpose of Workplace Inspections	67
18.4	The purpose of workplace inspections on a regular basis:	67
18.5	Hazards in a Workplace	67
19	Incident Investigation & Recording	68
19.1	Introduction	68
19.2	Definition: Incident reporting	68
19.3	Who Should Do the Accident Investigating?	68
19.4	Importance to investigate accidents that happen in the workplace	69
19.5	Reasons that may discourage workers to report incidents at the workplace:	69
19.6	Steps Involved in Investigating an Accident	69
20	Safety committee & Meetings	70
20.1	Introduction	70
20.2	Elements of a Safety Meeting	70
20.3	Why Do We Have Safety Meeting?	70
20.4	What can be Learned from Safety Meetings?	70
20.5	Purpose of Safety Meetings	71
20.6	Benefits of Safety Meetings	71
20.7	Safety Meetings Encourage Safety Awareness	71
21	HAZARD IDENTIFICATION AND RISK ASSESSMENT	71
21.1	HIRA Scope and Objectives	71
21.1.1	Introduction	71
21.1.2	The objective of hazard identification and risk assessment	71
21.1.3	What is risk assessment?	72
21.1.4	The difference between hazards & risks	72
21.1.5	Do not overcomplicate the process	72
21.1.6	Five Steps to Risk Assessment	72
21.1.6.1	Step 1: Identify the hazards	73
21.1.6.2	Step 2: Decide who might be harmed and how	73
21.1.6.3	Step 3: Evaluate the risks and decide on precautions	73
21.1.6.4	Step 4: Record your findings and implement them	73
21.1.6.5	Step 5: Review your risk assessment and update if necessary	73
